Making accessibility
mainstream

A photograph of a group of students sitting around a desk, looking at a laptop screen together. They appear to be in a classroom or study area, with books and papers scattered on the desk.

How long have you been
making responsive sites?

Why do we make responsive sites?

Here's to the crazy ones.
The misfits. The rebels.
The troublemakers. The round pegs in the square holes.
The ones who are different... who are not
fond of rules.
